2015-2020

HSC Subjects:

English Advanced, Standard Mathematics, Legal Studies, Society and Culture, Modern History, Extension History

Extracurricular activities:

School Captain, SRC and 2019 Space Camp

What are you doing now alongside Forest?

I am currently studying a Bachelor of Secondary Education and a Bachelor of Arts at Macquarie University. I am majoring in Modern History and minoring in Sociology so I can teach Society and Culture to future HSC students. Originally, I began studying a Bachelor of Psychology, which I wish to finish after my teaching degree.

What is a fond memory you have of Forest?

I have many fond memories of my time at Forest, all of which have shaped me into the person I am today. Many included having such a tight knit year group, and incredibly supportive teachers. One memory that stands out to me was my time at Space Camp in 2019. This trip broadened my perspective on the world and gave me the opportunity to make friendships that will last a lifetime. We were given the opportunity to go to Space Camp in Alabama, to learn and immerse ourselves into what it is like to train like an Astronaut. Then to Washington D.C and then lastly to Orlando, Florida where we visited Cape Canaveral. This

experience was something that I will never forget and will always be thankful to Forest for giving me the opportunity to go on.

Describe your ongoing relationship with the school

I have been working at Forest as a Trailblazer one day a week since 2021. I have been specifically involved in working alongside senior students, tutoring in specific subject areas, also acting as a mentor to support students with the stress of the HSC. I additionally work with EAL/D students in their classes. I love my job and being able to work at the school that gave me so many opportunities, and in turn it inspired me to become a teacher myself.
